

Career Awareness and Planning Assignment

| | | | |
|--------------------|-----------------------|----------------------------|--------------|
| Receptionist | Tourism Ambassador | Mechanic / Restorer | Photographer |
| Human Resources | Facilities Management | Information Technology | Security |
| Accountant | Insurance Agent | Marketing / Communications | Tour Guide |
| Library & Archives | Sales Associate | Facility Event Coordinator | Caterer |

The connection between work and academics can influence one's future career / job.

Choose three of the professions listed above. Name the school subjects that these individuals use in their role at the National Corvette Museum. Explain how these subjects impact this career choice.

Example

Tourism Ambassador: History, Social Studies, Geography, Information Technology & Computer Science

A tourism ambassador uses his knowledge of **history** to answer questions about historical sites that tourists might want to visit. He must have a good understanding of **geography** to assist them with directions in person or over the phone. The Ambassador must use **language arts** skills as he not only provides directions, descriptions of attractions, but at times becomes a storyteller as they relate information on the history and culture of the area. Classes in **information technology and computer science** are necessary to input data regarding tourists, attractions and hotels.
